

Big Tennis Tournament On This Afternoon and Monday

FIRST MATCHES SCHEDULED FOR 2 P. M. TODAY—PLAYING WILL CONTINUE ALL OF LABOR DAY—MANY MEMBERS TO CONTEST FOR SINGLES AND DOUBLES CHAMPIONSHIP HONORS FOR 1920.

The big annual tournament of the Narberth Tennis Association starts this afternoon—Mr. Bliss permitting—at 2 o'clock. Playing will continue throughout the afternoon and all day Monday, Labor Day, from 9 A. M. to 12 M., and from 2 P. M. to 6 P. M.

There will be men's singles and doubles, and probably ladies' singles and doubles and mixed doubles, and consolation matches in all events.

Entries closed last night, and the number received indicated that the tournament will probably be the best that the Association has ever held. Chairman Newell and Messrs. Kirkpatrick and Staples, comprising the Tournament Committee, will be in full charge.

Attractive and valuable prizes will be awarded to winners and runners-up in both the regular events and the consolation tournaments.

All Matches to Be Scheduled.

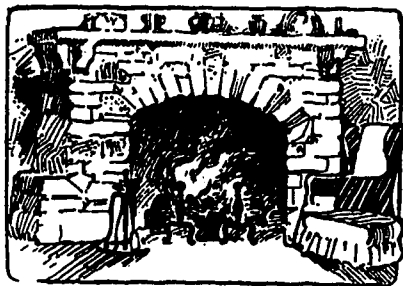

The plan tried during the Fourth of July tournament of scheduling all

matches worked so successfully and satisfactorily that it will again be in force during this tournament. That is, individual members entered in the singles tournament and teams entered in the doubles tournament must be on the courts at the time set by the committee for tournament matches, and remain on the grounds ready to play, unless specifically excused for the day. Failure to meet this rule will result in a default against individual or team.

Members Urged to Co-operate.

In past tournaments, with the exception of the Fourth of July event this year, matches have not been scheduled, and if a player was not on hand when called to play, the match was postponed. This has resulted in many of the tournaments being drawn out late into the Fall and has proven unsatisfactory in every way.

Members are requested, therefore, to co-operate with the Tournament Committee, and be on hand promptly at the appointed hour each day that tournament matches are scheduled.

Tennis Dance Next Friday Evening

ANOTHER POPULAR AFFAIR TO BE GIVEN AT ELM HALL. WELCOME HOME TO THE VACATIONISTS.

The "Glad-To-See-You-Home" Shirt Waist Dance will be given by the Narberth Tennis Association at Elm Hall, next Friday evening, September 10.

The affair will be in the nature of a "get-together party" of the members, their wives and friends, after the summer vacations.

Tickets may be obtained from any of the members of the Association.

This dance is one of a series of social affairs and entertainments that the Entertainment Committee is planning for the fall and winter season.

A little later will come the annual dinner-dance with the awarding of prizes won in the big tournament which starts this afternoon, and several novel entertainment features.

Some time during the late fall a regular "Broadway production" is promised. Chairman Bob Pattison says he has the "big event" up his sleeve, and we have been reliably informed that the wireless has been working overtime lately between the Pattison Station on Chestnut avenue and the Donnelly-Belasco Retreat at Ocean City. Well, we'll see, as the periscope used to be so fond of saying.

But in the meanwhile don't forget the Glad-To-See-You-Home Dance, Friday evening, September 10—that's the first Friday night after Labor Day. Bob Pattison concluded that the Weather Man couldn't chuck all the hot weather so early in September, and so he decided to make this dance another shirt waist affair.

Members are urged to be on hand and bring their friends. A good jazz orchestra will be on the job, and there is every reason to believe that, as Bill Hall would say, "a pleasant time will be had by all."

Hot Fight on in Main Line League

THREE MORE GAMES TO BE PLAYED IN SECOND HALF OF SEASON—PAOLI AT NARBERTH TODAY.

Our Town's sporting writer was privileged to attend a Main Line Baseball League meeting at Wayne on Monday evening.

It seems that according to the League rules, in event of rain on all of the diamonds the scheduled games are to be dropped from the schedule. However, as the weather did not permit ball being played on either August 21st or August 28th, the meeting was called to decide whether or not the rules were to be changed and the postponed games played off after the end of the season, as there is lots of baseball weather in which to play them.

Five of the managers agreed to play off the postponed games, but one so-called manager would not give the consent necessary to make the vote unanimous, as his team headed the club standing, and having a lead did not feel confident of holding it.

HAROLD D. SPEAKMAN, POST 356,
NARBERTH, PA.

For God and Country, we associate ourselves together for the following purposes: To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent. Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, State and Nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness.—Preamble to the Constitution of the American Legion.

OUR NEW HOME.

The Harold D. Speakman Post, 356, Narberth, Pa., has leased with an option to purchase, the little office at the corner of Elmwood and Essex avenues, on the south side.

The location is ideal and it will be a great asset to building up the membership in the Post.

There are sufficient carpenters, painters, plumbers and mechanics in the Post to do any alterations necessary at the cost of the material.

The new home of the Post will also be the home of the Auxiliary.

The Post has written to the Commander of the Boy Scouts offering to them the use of the building as a meeting place on Monday evenings.

It is with a great deal of pleasure that we take this opportunity to thank the Fire Company for permitting us to meet in their building, free of charge, not to mention the heat and light consumed.

The Social Committee of the Auxiliary and the Post are planning for a grand opening night. Watch for the date to be announced later.

The Narberth American Legion Building and Loan Association will meet and open their first series in the new home of the Post next Tuesday evening between 7 and 9 o'clock.

Those who are NOT property owners send money to the County Treasurer, Norristown, Pa., with a self-addressed and stamped envelope for return receipt before October 2. Stamps will be accepted.

Assessments are as follows:

Servants, Housekeepers, Housewives, and at Home, 20c.; Stenographers, Bookkeepers, Clerks, Teachers, Musicians and all trades, 25c.; Professional Women, 30c.; Lady or Retired, 40c.

A married woman may be assessed as Housewife or Housekeeper. A lady living at home with no occupation may be assessed as At Home.

To the Editor of Our Town:

I have had to cancel my insurance on my household goods as the borough has not chosen to install fire hydrants within 600 feet of the houses in Narbrook Park and the "protection clause" in the insurance policy makes it void, even if issued, when this fire protection is missing.

This matter has been discussed fre-

quently and Council and Fire Chief as well as underwriters, are all aware of this, but no one has taken steps to change this condition.

The insurance companies and their agents have all known this, yet in spite thereof, they have issued what one may well call bogus policies in the belief that no one will bother reading the policy.

In event of a fire, I am sure we shall find that the underwriters will claim that the policies are null and void, yet I feel that it is up to our brokers and insurance companies to advise us and not accept money under false pretenses.

Also, residents in Narbrook Park pay each about \$150.00 to \$250.00 in taxes every year, yet all they get is the privilege of walking on the borough streets, garbage and ash collection, no lights (as yet), no upkeep of the roads.

Is it not about time that this was changed? Council will no doubt get to this some time, but why not now?

(Signed) A. E. WOHLERT.

Scout News

Well, here we are back again from another week's stay at our instruction camp, Camp Delmont.

Owing to a great many of our troop being in other States, we had only 19 out of 40 to partake of the week's pleasure, but those 19 had some fun. If you don't believe it, ask Merrit Davis, who was the boss of the feed table. He was obliged to work overtime on his saxophone to amuse the other scouts at night around the camp fire. Also, ask Herbert Krell, who never seemed too tired to want to help out where he could.

Gordon Rudolph was the star worker, being the only scout in our troop to accomplish in one week earning the required number of points to entitle him to a C. D. He also was the only one to earn a membership in the Nnari Tribe. When you see him, ask him how he got those red stripes on his back.

Wells Wanamaker also worked hard for his points, but as it was his first year at camp, he did not know the ropes as well as Gordon did, but he got there by staying an extra week, as did Robert Patten, although Bobby could have worked a little harder the first week had it not been that he had the fishing bug.

Our fisherman, Alexander Burt, came prepared for big game, with a wonderful fishing pole and line, but for some reason or another, the big fish saw him coming and fled for their lives and that left only the smaller fish for Burt to play with.

Francis Lambert was nicknamed "Duck Foot" last year, but this year he raised his title to "Hot Foot." He can thank his scout master for that.

Howard Valette was "crazed" good and plenty this year, but he took it like a major.

Paul Longley was never to be found when the inspection of tents was made. This being his first year, he was out for fun, and he certainly had it.

Atherton Lane was expecting to play tennis at camp, but we sidetracked his racket quickly and instead gave him a few lessons in peeling potatoes.

Russell Sharp had his first introduction to a tent wrench. Ask him how it feels.

Gerald Sperry and Jack Cunningham had made up their minds to have a rip snorting good time, which we think they did, but they also had quite a few lessons in sanitary duty.

Frank Hammer can wash dishes as good as anyone now, so he ought to be of more use around the house.

Thomas Merkle was the forerunner of the troop, always running ahead to inform the doctor whenever anyone was stung by a bee.

Tom McAniff seemed to enjoy every minute of the week, only when he was thinking about ice cream. One night when in Summerytown he was so afraid he would never see ice cream again he bought so much he got staled.

Robert Giffelin was another victim of the strap oil gang, this being his first year, but believe us, he got square after he knew how to make a tent wrench.

Our little mascot, Babe Patten, was again the same little sport he was last year and began talking about going again next year as soon as he got home.

Joseph Snyder, accompanied by his father, Dr. Snyder, surprised us on Friday and poor Joe, who is always willing to do things, was allowed by some of the other boys to take their place, and do their duties, so poor Joe had one week's work shoved into one day. He took it like a duck takes to water. Dr. Snyder seemed to enjoy his short stay.

The Scout Master, Fred C. Patten, again enjoyed himself immensely and thanks the boys for the manner in which they conducted themselves.

The entire troop wish to thank Mr. J. J. Cabrey, of Narberth, for taking and bringing us back from camp with his five-ton truck, and we hope he received the letter written and signed at camp by all the members of Troop No. 1, Narberth Boy Scouts.

COUNTY POPULATION.

Census figures for Montgomery County give the total population at 199,310 for 1920, an increase of 30,000, or 17.5 per cent. in the last decade. Population in 1910 was 169,590 and in 1900 was 138,995.

909 Narberth Women Registered to Vote at Presidential Election

(Continued from Page 1.)

and the job finished, Assessor Warner said frankly that he could not say too much in praise of the thorough manner in which the women had done the work. Without them, he says he does not see how it would have been possible for him to have made anything like a complete registration within the required time.

Women Volunteer Services.

As soon as Assessor Warner received instructions for the registration from the County Commissioners, he got in touch with several of the women of the borough whom he knew were interested in suffrage, and asked them if they had any suggestions as to how the job could be done. They immediately volunteered their services and suggested that a committee of women be organized to make a house-to-house registration. Assessor Warner approved this suggestion and a meeting was called for Saturday evening at the home of Mrs. Wm. B. Goodall, on Dudley avenue. At this meeting the following committee was formed:

Mrs. C. P. Fowler, chairman; Mrs. E. C. Batehlor, Mrs. W. J. Mulholland, Mrs. Wm. B. Goodall, Mrs. E. A. Muschamp, Miss Carol Justice, Miss Marion Justice, Mrs. Edward Haws, Mrs. J. Clinger, Miss Eunice Williams, Mrs. William Elmi, Mrs. E. W. Smith, Mrs. A. J. Clark, Mrs. Sarah Jones, Miss Anna MacKeag, and Miss Mary MacKeag.

Visit Every House in One Day.

Assessor Warner met with the committee and explained the law governing the registration of voters and gave complete instructions as to questions to be asked of each prospective voter. Bright and early Monday morning the women started on their rounds, each one having been assigned to a particular avenue or section. By 6 o'clock that afternoon they had visited every house in the borough and registered the great majority of the women citizens.

There were, of course, some women who were out of town on Monday or who had not returned from their vacations, and for the benefit of these, members of the committee sat at Elm Hall on Tuesday and Wednesday from 10 A. M. to 3 P. M., and from 6 P. M. to 9 P. M. Quite a number of the new voters who had missed being registered on Monday called at the Hall and made sure that their names were placed on the list.

New Voters Keenly Interested.

There were any number of instances which showed clearly that the women of Narberth—whether they were in favor of or opposed to suffrage before the adoption of the Nineteenth Amendment—were now keenly interested in

Appeals to sportsmanship did not seem to get through Mr. Manager's skull and the other five teams who were willing to take a chance at winning naturally did not feel very kindly toward the hold-out.

The sentiment of the other teams after the meeting seems to express itself in "Beat Berwyn or Bust a Buckle," and Saturday afternoon and two games Labor Day will tell the story.

AMERICAN LEGION

(Continued from Page 1.)

the present cost of living will decrease, but none has yet recorded a prediction that it will not drop some time. After the Civil War the persons beset by high prices probably thought the period of their duration as interminable as the present period looks to some of us now. But the man who remembers what happened in America in the seventies recalls that flour at twelve dollars a barrel was followed by eggs at ten cents a dozen.

Those who worry about prices now may take solace in the fact that precedent is with them—that high prices have always followed wars and that they have always dropped. But the man who remembers what happened in the seventies drops a fly in the ointment by recalling that eggs at ten cents a dozen didn't mean much because dimes were so scarce.

The point is that, in these days, the man who saves a dollar isn't merely saving one dollar, but two or three.

CHANGING TIMES.

Sunday School Teacher: "Willie, what does the story of Jonah and the whale prove?"

Willie: "Proves that ya could get away with a darn sight bigger fish story in them days than ya kin now."

909 Narberth Women Registered to Vote at Presidential Election

(Continued from Page 3.)

voting and intended to exercise their right on election day. One woman, in New England on a vacation and unable to reach Narberth before Wednesday night, telegraphed to her husband authorizing him to register her. Others at the seashore and nearby resorts, hurried home in time to get their names on the list.

"Indeed I do want to be registered and I certainly do intend to vote," was a remark that the women registrars frequently heard on their house-to-house visits.

All women who are registered and desire to vote must pay a nominal tax, with the exception of those who own property—that is, those who hold property in their own name or jointly with their husbands or any other member of their family. The tax for housewives, housekeepers, servants is 20 cents; for clerks, stenographers, teachers, bookkeepers, musicians, 25 cents; for professional women such as doctors, lawyers, artists, the tax is 30 cents; for ladies and women who are retired, 40 cents.

Regarding Payment of Tax.

In the matter of the payment of this tax, an important announcement will be made in next week's issue of Our Town. The tax will, of course, eventually go to Norristown, but Assessor Warner has very kindly agreed to try to arrange for the payment of the tax here in Narberth, and thus save the writing of hundreds of individual letters to Norristown. The women have 30 days from last Thursday, September 2, in which to pay the tax.

It will not be necessary for any voter—either man or woman, if his or her name is on the Assessor's list, to show a tax receipt or a deed to a property when voting, unless the right of the said voter to vote is challenged at the polls. To be on the safe side, however, it will do no harm for the voter to take with her, or him, to the polls on election day, tax receipt or deed.

"Never Too Late to Mend."

It is now too late for any voter—man or woman—to have his name placed on the Assessor's list by applying to Assessor Warner, as under the State

election laws Mr. Warner has no authority to add any names after filing the official list with the County Commissioners last Thursday. Any woman who was away on all three of the registration days, however, and upon inquiring of Assessor Warner and learning that her name is not on the official list, should waste no time in taking the matter up direct with the County Commissioners at Norristown. It may be necessary for her to go before one of the Judges of the Court of Common Pleas of Montgomery County and show that she was prevented by conditions over which she had no control from registering on any of the regular registration days. But this can readily be done, and so there is no reason why any woman citizen of Narberth who wants to vote at the coming election cannot do so.

And It Was Some Big Job.

"One of the funniest things connected with this whole affair," said Assessor Warner the other evening, "is that it has stirred up a lot of interest among the men voters as well as among the women. I have never had so many inquiries from men residents of Narberth who were anxious to make sure that their names were on my voting list, as I have had this year."

Some idea of the amount of work done by the committee of women may be gained from the fact that in addition to visiting every one of the 1,000 or more houses in the borough asking all the necessary questions and writing down the data obtained concerning each woman voter, they then made three copies of the newly compiled list of voters, with all the accompanying data, for Assessor Warner, as called for by the election law. With 909 names on the list that meant a clerical job alone of 2,727 entries, which we submit is some job in itself!

About Peonies

By J. Horace MacFarland, in September Ladies' Home Journal.

The old-fashioned "pincies" of our grandmothers' gardens have nearly all given way to the wonders prepared for us by growers in England and France as well as in America; nearly all, I said, for some of those sweet old flowers are yet among the standards. The improvement has been in both form and color, as well as in size. The peonies of today run from purest white to deepest crimson and the shades of pink are lovely.

Peonies do not show, usually, full character the first or even the second year after planting. There is always something better to expect. They have few enemies; they will do gloriously in full sun, and yet give fine flowers in partial shade.

A border of the fine old white standard, Festiva Maxima, will be a thing of joy in June, and a suitable garden support in green until frost. Felix Crousse or Armandin Mechin will give reds of delight. Edulis Superba is early, pinkly beautiful and as sweet as any rose. Literally hundreds of good sorts may be had, and at prices which make them cheaper than any pound of good candy.

Good, fine, rich soil is the main peony need for success. Prepare it more than a foot deep; buy roots in early September, set them so that the eyes are not more than two inches underground, cover in winter with a little loose manure, and then expect increasing pleasure for a half dozen or more years.

A SHADY CANDIDATE.

"Old John Barleycorn," said Uncle Bill Bottletop, "reminds me of some other fellers who get into politics. A lot of people speak of him with a good deal of affection in private, but they won't come out and vote for him."—Washington Star.
